"officiating"

5 1/2 discussing best alternative or best way of accomplishing a specific objective. Seems to have more to do w/ things going on outside the building.

like, people, agencies, organization purposes exterior to this location, he far wider distributed at great distances or where these people exercise control & which they use to accomplish major goals and purposes.

not  
has  
ten

5 1/2 more than ten, but relatively not a large number. Concept of conference differs, opinions but not widely differing objectives. Some of maneuvering & politicking to effect acceptance of ind. wished outlook or designs.

People are largely on entire makes; share of power, experience and self-confidence & personal authority. Used to being obeyed. A meeting of equals. At least middle-aged, though not sedentary types. People of action. "Wholes & dealers" & being negotiators.

Reminds of a steering committee or a ligandral legislature - more power collectively than a legislature, but not one style person can force all others to accept his views or intentions.

Topics of  
Lithics

5 1/2 - military related hardware - special  
weapons systems.

Impression of person on seat looks  
through something, something back forth, up &  
down, attention fixed vertically.

Impression running gear of apparent  
tracked vehicle - not a "tank" but something  
combat related. Dark olive green color  
& black.

It's new. Deciding something about  
it. Distribution. Whether to pass it out  
in quantity. Not to our people to  
someone else. It's aerially oriented long  
range line of sight. "Direct Fire" Not

5 1/2 these people have official sanction for what they do, though if it became known, they'd disavow - or actions would be murky.

nuisance-type stuff

S 4 1/2 Some BIG action has been planned - final stages before implementation now being discussed. Involves large logistical movements - perhaps also of people & equipment. Ingressions North to South direction. Will be apparent to outsiders of interest i.e. opponents, but opponents will be unable to effect or curtail the action undertaken. Involves something substantial area.

for Bk  
Afghanistan

Outside interest will not appear will in fact protest or object or complain.

for Bk

S 4 1/2 other activities being planned/coordinated for near So. E. exterior to national boundaries involve governments - affecting policies & political orientations.
